Board Member User Account Implementation – Mr. Sica discussed his memo regarding implementation of user accounts and email addresses for board members, a copy of which is attached hereto as Exhibit I and incorporated herein by this reference. FINANCE REPORT

Mr. Wilkins presented the monthly finance report, a copy of which is attached hereto as Exhibit J and incorporated herein by this reference. He noted the summer water sales did not follow any of the five-year trends, though the reason is unclear. Water sales are likely to be above projections for the year, likely due to some summer stretches of dry weather. Mr. Wilkins also discussed the quarterly financial report, a copy of which is attached hereto as Exhibit K and incorporated herein by this reference. Year-end revenues are expected to be above projections, in addition to below-average expenditures, which are partially responsible for not raising 2018 customer rates.

The operations report was presented, a copy of which is attached hereto as Exhibit L and incorporated herein by this reference.

ENGINEERING REPORT
Ms. Brooks discussed Mr. Cowles’ report, a copy of which is attached hereto as Exhibit M and incorporated herein by this reference. She noted Mr. Cowles was onsite at the Traer Creek tank with geologists who were performing needed site analyses.

Ms. Johnson also noted Ms. Brooks was discussing regionalization at a local Vail Symposium event later this evening.

- **Personnel Changes Statewide** – Ms. Johnson reported on staffing changes at various organizations of interest to the Authority and District. These include the appointment of Steamboat-native Dylan Roberts to fill the remainder of Rep. Diane Mitsch Bush’s term and Greg Clifton, the new town of Vail manager. Ms. Johnson is working to schedule a meeting with Ms. Brooks and Mr. Clifton to discuss the many interactions and collaborations between District and town staff.

- **Colorado Springs’ Stormwater Fee** – Ms. Johnson discussed Colorado Springs’ recent successful ballot issue that will establish a dedicated monthly stormwater fee, which will finally begin to fund 100s of millions of dollars of needed stormwater infrastructure in Colorado Springs as the lack of it has negatively affected downstream communities.

Mr. Collins referred to his written report and said he had nothing further in open session.

**WATER COUNSEL REPORT**

- **Diligence Application for Cordillera Reservoirs** – Mr. Porzak presented the diligence application for the Cordillera reservoirs, a copy of which is attached hereto as Exhibit O and incorporated herein by this reference.
