A regular meeting of the Board of Directors of the Upper Eagle Regional Water Authority (Authority) was held August 22, 2019, at 8:30 a.m., in the Walter Kirch Room of the Eagle River Water & Sanitation District (District), 846 Forest Road, Vail, Eagle County, Colorado, in accordance with the applicable statutes of the State of Colorado.

The following Directors and alternates were present and acting, thereby constituting a quorum:
- Geoff Dreyer, Arrowhead Metropolitan District
- Pam Elsner, Beaver Creek Metropolitan District
- Eric Heil, Town of Avon
- Melissa Nelson, Berry Creek Metropolitan District
- Kim Bell Williams, EagleVail Metropolitan District
- Mick Woodworth, Edwards Metropolitan District

The following Directors observed the meeting via phone:
- George Gregory, Berry Creek Metropolitan District
- Sarah Smith Hymes, Town of Avon

Also in attendance were:
- District Staff
- Jason Cowles
- Carol Dickman
- Catherine Hayes
- Diane Johnson
- Siri Roman
- Dan Siebert
- Jeff Schneider
- Micah Schuette
- Amy Vogt
- James Wilkins
- Len Wright
- Consultants
- Alec Bry, AE2S
- Jim Collins, Collins Cockrel & Cole
- Grant Meyer, AE2S
- Glenn Porzak, Porzak Browning & Bushong LLP
- Deon Stockert, AE2S

DISCLOSURES OF POTENTIAL CONFLICTS OF INTEREST
The Board noted it had received more than 72 hours prior to the meeting certain disclosures of Potential Conflicts of Interest Statements for the following Directors indicating the following conflicts:
- Director Elsner disclosed her membership with the Vilar Performing Arts Center Guild, which operates within the Authority’s service area. Director Gregory and alternate Director Simmons disclosed that they serve on the Board of the Eagle River Water and Sanitation District. Director Gregory also disclosed that he occasionally undertakes small development and construction activities within the Authority and District service areas. Alternate Director Simmons noted he serves on the Edwards Metropolitan District board and is employed by Beaver Creek Metropolitan District, an Authority member. Director Williams disclosed that she is the Eagle County Housing Director. Director Woodworth disclosed that he is employed by the Eagle River Fire Protection District, which operates within the Authority’s service area.

CALL TO ORDER
Acting Chair Woodworth called the meeting to order at 8:30 a.m.

INTRODUCTIONS
Introductions were made, including Messrs. Bry, Meyer, and Stockert of AE2S, the Authority and District’s consultant for their joint water system master plan effort.

PUBLIC COMMENT
In response to a question, Mr. Cowles discussed a recent meeting with representatives and stakeholders involved in the Eagle River Village (ERV) Mobile Home Park water system discussions. The ERV owners engaged consultants to sample their water and suggest methods by which additional treatment could be used to improve water quality there. Mr. Cowles will continue to participate in the discussions and report developments back to the board.
**Upper Eagle Regional Water Authority**

**ACTION ITEMS**

**Consideration of Minutes** – The minutes of the regular meeting of July 25, 2019, were considered.

Upon motion duly made and seconded, it was unanimously

**RESOLVED** that the minutes of the July 25, 2019, regular meeting be accepted and hereby are approved as presented. Director Nelson abstained.

The minutes of the joint special meeting of July 25, 2019, were considered. Upon motion duly made and seconded, it was unanimously

**RESOLVED** that the minutes of the July 25, 2019, joint special meeting with the Eagle River Water & Sanitation District be accepted and hereby are approved as presented. Secretary Williams and Director Nelson abstained.

**Public Hearing: Water System Impact Fee Increase** – Mr. Cowles discussed his memo and the updated Water System Impact Fee (WSIF) report, dated Aug. 14, 2019, copies of which are attached hereto as Exhibits A and B, respectively. He discussed the proposed WSIF increase, which requires unanimous board approval. The WSIF increase will include the cost of water system capital improvements in recent years; the annual updates to the fees since 2014 included cost of living increases but did not account for the capital investments in the system that new customers are buying into. Mr. Cowles also clarified that approval of the WSIF increase includes a proportional increase to the outdoor irrigation fee, bringing that fee to $1.17/ft² of irrigated area. A public hearing was opened at 8:45 a.m., and no public comments were received. The public hearing was then closed at 8:46 a.m. Acting Director Heil confirmed the Town of Avon’s desire to bring the increase before its council for approval, though such approval by member districts is not required. After discussion and upon motion duly made and seconded, it was unanimously

**RESOLVED** that the Water System Impact Fee increase and fee assessment structure be and hereby is approved as presented, with an effective date of September 1, 2019, contingent upon approval of the increase by the Avon Town Council at its Aug. 27 meeting.

**2018 Budget Amendment** – Mr. Wilkins presented his memo regarding a 2018 budget amendment, a copy of which is attached hereto as Exhibit C and incorporated herein by this reference. The Board opened a public hearing for this purpose at 8:50 a.m. Mr. Wilkins explained the need for the amendment, as capital spending and engineering costs exceeded budgeted funds. Public comment was called for, and there was none. The public hearing was closed at 8:52 a.m. After discussion and upon motion duly made and seconded, it was unanimously

**RESOLVED** that the 2018 budget amendment be and hereby is approved as presented.

A copy of the resolution is attached hereto as Exhibit D and incorporated herein by this reference.

**2018 Audit Approval** – Mr. Wilkins discussed his board action request and the 2018 audit, copies of which are attached hereto as Exhibits E and F, respectively, and incorporated herein by this reference. An audit filing extension granted by the Division of Local Government. Mr. Wilkins noted the audit firm,
McMahan and Associates, issued a clean opinion and expressed appreciation for the ease of working with staff on the audit. After discussion and upon motion duly made and seconded, it was unanimously

RESOLVED that the 2018 audited financial statements be and hereby are approved as presented and

FURTHER RESOLVED that Ms. Brooks and Mr. Wilkins are hereby authorized to sign the letter of representation addressed to McMahan and Associates.

STRATEGY ITEMS

Electrical Safety Program Manual – Ms. Roman introduced District Safety Coordinator Dan Siebert, who presented information regarding the District’s Electrical Safety Program Manual. Related information is attached hereto as Exhibit G and incorporated herein by this reference. The manual provides clear technical definitions, defines roles and responsibilities, training, expectations and resources. The manual’s development was staff-initiated to reduce district-wide risk, clarify roles and responsibilities, and improve the District’s safety culture. Mr. Siebert said the manual was widely adopted because those who wrote the manual were affected by the changes. He also noted reduced dependence and spending on electrical contractors. Mr. Siebert also thanked the staff members who worked on the manual.

Mr. Siebert left the meeting at 9:38 a.m.

Water System Master Plan Update – Mr. Cowles introduced District Planner, Mr. Schuette, who is working on the Water System Master Plan Update. Mr. Schuette noted members of the AE2S team were in attendance, including Messrs. Bry, Meyer, and Stockert, with whom District staff is working on the update. The Authority and District master plan will replace the individual plans each entity developed in 2008 and 2009, respectively. Mr. Schuette provided an overview of the plan, including build-out development projections, future water demand projections, the creation of a new integrated water distribution system hydraulic model, condition assessments of infrastructure, and next steps including the development of a 10-year capital improvement plan. A memo with additional details is attached hereto as Exhibit H and incorporated herein by this reference. In response to questions, Mr. Schuette clarified that the plan is looking at Authority and District customer water use, but not the water use of single family equivalents.

Board Member Input – Ms. Williams discussed EagleVail Metropolitan District’s water use. Mr. Porzak said there have been few changes since the last EagleVail Water Rights Report in 2018.

GENERAL MANAGER REPORT

Mr. Cowles noted that Ms. Brooks was attending the Colorado Water Congress summer conference, at which she was nominated as president-elect of that organization. She will begin her one-year term as president in January. Mr. Cowles noted Ms. Brooks did not include a public report in this month’s packets. Monthly reports were acknowledged, copies of which are attached hereto as Exhibit I and incorporated herein by this reference.
FINANCE REPORT

Quarterly Financial Report – Mr. Wilkins presented the quarterly financials, a copy of which is attached hereto as Exhibit J and incorporated herein by this reference. Water sales for May and June were well below projections, likely due to the wet, cold spring experienced in the service area. Impact fees are higher than projections and expected to exceed budgeted amounts for the fiscal year, based on the large development projects the Authority is aware of at this time. The board acknowledged receipt of the report.

OPERATIONS REPORT

Ms. Roman presented the operations report, a copy of which is attached hereto as Exhibit K and incorporated herein by this reference.

Berry Creek Booster Pump Station Replacement – Mr. Schneider discussed the needed replacement of the Berry Creek pump station. Requirements from Eagle County, including the location and extent application and a variety of comments and suggestions on the application, have delayed the project’s start. A Sept. 18 County Planning Commission hearing is scheduled, at which approval is expected. Discussion ensued regarding a proposed meeting between the Commissioners and the Authority and District boards to determine ways to collaborate and ensure needed projects to serve the public good are not delayed in the future.

Dowd Junction Lift Station Replacement – Mr. Schneider reported that the project to replace the Dowd Junction Lift Station received an exemption from the 1041 permit process, which was welcome news that will allow that important project to progress more rapidly.

Water Resources Updates to the Operations Report – Dr. Wright discussed updates to the water resources section in the operations report. Such changes were made to provide more relevant information to the boards in three distinct sections: snowpack and precipitation; streamflow hydrographs; and watershed status. Dr. Wright said staff would like board feedback on the revised report, which is a collaborative monthly effort of a variety of different departments.

Vail Water Sanitary Survey Preparations – Ms. Roman presented an overview of District preparations for its sanitary survey, which will take place next week. She discussed the many items that inspectors review during the sanitary survey; any violations require public notice. Lessons were learned during the Authority’s sanitary survey the previous year, which were applied to District preparations. Consultants were hired to assist with some preparations, including backflow and cross-connection compliance. Ms. Roman will report back to the board regarding results of the survey.

ENGINEERING REPORT

Mr. Cowles presented the engineering report, a copy of which is attached hereto as Exhibit L and incorporated herein by this reference.
**Mountain Hive Project** – Mr. Cowles discussed the proposed Mountain Hive development in Edwards. The developer requested a conditional ability to serve letter from the Authority; Mr. Cowles clarified that such a letter does not commit the Authority to serve the development but indicates that water is available. The board authorized Mr. Cowles to issue a conditional ability to serve letter and requested an update on the Authority’s unallocated water in September.

**COMMUNICATION AND PUBLIC AFFAIRS REPORT**

Ms. Johnson noted she did not include a written report this month.

**Public Affairs Updates** – Ms. Johnson discussed a variety of public events, including a successful open house and ribbon-cutting ceremony for the Stillwater employee housing development on Aug. 9. She thanked Ms. Vogt for coordinating a great celebration of the project’s completion. A bus tour of the District and Authority’s facilities and infrastructure is planned for Sept. 5; attendees will include Eagle River Community Water Plan stakeholders. Ms. Johnson also shared photos from the Hahnewald barn deconstruction that began Aug. 19.

**Regional Personnel Matters of Interest** – Ms. Johnson noted the Colorado River District’s long-time external affairs manager, Chris Treese, was retiring in mid-September. She also reported that the director of the Colorado Water Conservation Board, Becky Mitchell, replaced James Eklund as Colorado’s Commissioner on the Upper Colorado River Commission.

**GENERAL COUNSEL REPORT**

Mr. Collins referred to his confidential legal report included in the confidential packet.

**Traer Creek Tank Insurance** – Mr. Collins reported that the Special District Association Insurance pool committed to insuring the new tank.

**WATER COUNSEL REPORT**

Mr. Porzak referred to his confidential legal report included in the confidential packet.

**Authority Water Rights Appraisal** – Mr. Porzak reported that a recent review of the Authority’s water rights was undertaken; the value is an estimated $58 million. Though the present market value of its water rights cannot be included in the Authority’s annual audit, the market value is included at the end of the audit, in the statistical section.

**Black Lakes Augmentation Plan** – Mr. Porzak discussed the final decree for approval of the Authority’s 300 acre feet of Black Lakes augmentation water; a copy is attached hereto as Exhibit M and incorporated herein by this reference. The District leases 200 acre feet of Black Lakes water to the Authority, and the amount will be increased from 200 acre feet to 300 acre feet; the additional 100 acre feet became available when the District’s contract with Vail Resorts for that water ended.
Wolford Mountain Reservoir Exchange – Mr. Porzak discussed execution of the final decree to make absolute a portion of the Authority’s Wolford Mountain Reservoir Exchange. A copy of the decree is attached hereto as Exhibit N and incorporated herein by this reference. Some of these water rights are still conditional, and the next diligence filing will occur in 2025.

Messrs. Schneider and Schuette, Ms. Vogt, and all AE2S representatives left the meeting at 10:38 a.m.

EXECUTIVE SESSION

Mr. Collins requested the Board enter Executive Session to receive legal advice regarding the Cordillera Valley Club matters, pursuant to §24-6-402(4)(b) and (e) C.R.S. He asked that no electronic record be made, as the discussion would be entirely privileged attorney-client communications. Upon motion duly made and seconded, it was unanimously

RESOLVED to enter Executive Session at 10:39 a.m. to discuss attorney-client privileged issues concerning Cordillera Valley Club matters, pursuant to §24-6-402(4)(b) and (e) C.R.S. with no electronic record created as Mr. Collins opined the contents of the discussion would contain privileged attorney-client communications.*

Mr. Porzak requested the Board continue Executive Session to receive legal advice regarding the Bolts Lake, CRCA matters, Piney River Unit, and water rights hydrology model sharing, pursuant to §24-6-402(4)(b) and (e) C.R.S. He asked that no electronic record be made, as the discussion would be entirely privileged attorney-client communications. Upon motion duly made and seconded, it was unanimously

RESOLVED to continue Executive Session at 10:54 a.m. to discuss attorney-client privileged issues concerning the Bolts Lake, CRCA matters, Piney River Unit, and water rights hydrology model sharing, pursuant to §24-6-402(4)(b) and (e) C.R.S. with no electronic record created as Mr. Porzak opined the contents of the discussion would contain privileged attorney-client communications.*

The regular meeting resumed at 11:23 a.m.

Cordillera Valley Club Water Rights Matters – The Board authorized Mr. Cowles to send a letter to a developer interested in building in the Cordillera Valley Club (CVC) area to address water rights issues.

Piney River Unit Settlement Agreement – Upon motion duly made and seconded, it was unanimously

RESOLVED that the board hereby approves execution of the amendment to the Piney River Unit Settlement Agreement.

Mr. Porzak noted the amended agreement still requires approval of some signatories. He will bring a final agreement back upon full execution.
ADJOURNMENT

There being no further business to come before the Board, the meeting adjourned at 11:26 a.m.

Respectfully submitted,

Secretary to the Meeting

MINUTES APPROVED, FORMAL CALL, AND
NOTICE OF MEETING WAIVED

Arrowhead Metropolitan District
