## INDEPENDENT AUDITOR'S REPORT

### **To the Board of Directors Upper Eagle Regional Water Authority**

We have audited the accompanying financial statements of the Upper Eagle Regional Water Authority (the "Authority"), as of and for the year ended December 31, 2013, which collectively comprise the Authority's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Upper Eagle Regional Water Authority as of December 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

FRISCO: (970) 668-3481

**Other Matters**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis in Section B be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Management's Discussion and Analysis in Section B in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison and debt service schedules in Section E are not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. The budgetary comparison and debt service schedules have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's financial statements as a whole. The statistical data in Section F are presented for purposes of additional analysis and are not a required part of the basic financial statements. The statistical data have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**Upper Eagle Regional Water Authority**  
**Management's Discussion and Analysis**  
**December 31, 2013**

The discussion and analysis is designed to provide an analysis of the Upper Eagle Regional Water Authority's (the Authority) financial condition and operating results and to inform the reader on the Authority's financial issues and activities.

The Management's Discussion and Analysis (the MD&A) should be read in conjunction with the Authority's financial statements.

**Financial Highlights**

In 2013, total net position decreased by approximately \$4.2 million from \$67.0 million in 2012 to \$62.8 million in 2013. Depreciation expense of \$4.7 million is the reason for the decrease in net position. Overall for the year, current and other assets increased by \$8.1 million. A bond issue in April 2013 provided cash for the multi-year capital program. Proceeds being held at December 31, 2013 for future capital project spending was \$10.3 million. Net capital assets decreased \$2.2 million which consisted of an increase from net additions/disposals of \$2.5 million, offset by a decrease of \$4.7 million in depreciation expense. Additionally, total liabilities increased \$10.0 million during 2013 as a result of a bond issue in April for \$11.9 million, offset by scheduled annual debt service payments.

In 2013, total revenues were less than 2012 and total expenses were greater than 2012. The Authority's 2013 financial activity generates a \$0.5 million increase in net position prior to the depreciation on capital assets. In accordance with Generally Accepted Accounting Principles (GAAP), \$4.7 million of capital asset depreciation is expensed, which does not represent cash funding for capital assets in the current period. The net result is a decrease in net position of \$4.2 million for 2013, compared to \$3.2 million decrease in 2012.

In 2012, total net position decreased by approximately \$3.2 million from \$70.2 million in 2011 to \$67.0 million in 2012. Depreciation expense of \$4.6 million is the reason for the decrease in net position. Overall for the year, current and other assets decreased by \$2.6 million. This was mainly for cash spending on the multi-year capital program. Net capital assets additions and deletions of \$2.6 million were offset by changes in accumulated depreciation for a net decrease in capital assets of \$2.0 million. Additionally total liabilities decreased \$1.5 million during 2012.

In 2012, total revenue was increased \$1 million over 2011 levels. Total expenses are similar when compared to 2011. The Authority's 2012 financial activity generates a \$1.4 million increase in net position prior to the depreciation on capital assets. In accordance with Generally Accepted Accounting Principles (GAAP), \$4.6 million of capital asset depreciation is expensed, which does not represent cash funding for capital assets in the current period. The net result is a decrease in net position of \$3.2 million for 2012, compared to \$3.9 million decrease in 2011.

**Overview of the Financial Statements**

The financial statements of the Authority are presented as a special purpose government engaged only in business type activities - providing water utility services.

The *Statements of Net Position* present information on all of the Authority's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in the net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *Statements of Revenues, Expenses and Changes in Net Position* present information that reflects how the Authority's net position changed during the past year. All changes in the net

**Upper Eagle Regional Water Authority  
Management's Discussion and Analysis  
December 31, 2013  
(continued)**

position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods.

The *Statements of Cash Flows* report the Authority's cash flows from operating, capital and related financing, and investing activities.

These financial statements distinguish functions of the Authority that will be principally supported by service charges. The functions of the Authority include effective and economical operation of water systems within the jurisdictional boundaries of the Authority. The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

	<b>NET POSITION</b>		
	<u>2013</u>	<u>2012</u>	<u>2011</u>
<b>Assets:</b>			
Current and other assets	\$ 23,616,548	15,486,980	18,063,181
Capital assets, net	78,799,808	81,003,626	83,036,782
<b>Total Assets</b>	<u>102,416,356</u>	<u>96,490,606</u>	<u>101,099,963</u>
<b>Deferred Outflows of Resources:</b>			
Deferred charge on refunding	418,924	502,462	585,999
<b>Total Deferred Outflows of Resources</b>	<u>418,924</u>	<u>502,462</u>	<u>585,999</u>
<b>Liabilities:</b>			
Long-term liabilities	38,815,054	28,618,085	30,138,733
Other liabilities	1,225,360	1,374,454	1,337,544
<b>Total Liabilities</b>	<u>40,040,414</u>	<u>29,992,539</u>	<u>31,476,277</u>
<b>Net Position:</b>			
Net investment in capital assets	52,228,111	56,177,202	59,469,218
Restricted:			
Debt	2,783,060	2,749,529	2,551,906
Unrestricted	7,783,695	8,073,798	8,188,561
<b>Total Net Position</b>	<u>\$ 62,794,866</u>	<u>67,000,529</u>	<u>70,209,685</u>

As noted earlier, net position may serve over time as a useful indicator of the Authority's financial position. In the case of the Authority, assets exceeded liabilities by \$62.8 million in 2013, \$67 million in 2012 and \$70.2 million in 2011. The decline is a result of expensing annual asset depreciation in accordance with GAAP reporting.

The largest portion of the Authority's net position reflects its investment in capital assets, less any related outstanding debt used to acquire those assets. The Authority uses these capital assets to provide services to citizens; consequently these assets are not available for future spending. Although the Authority's net investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Management's Discussion and Analysis  
December 31, 2013  
(continued)**

**REVIEW OF REVENUES**

	<u>2013</u>	<u>2012</u>	<u>2011</u>
<b>Revenues:</b>			
Operating revenues:			
Service fees	\$ 8,881,236	8,668,868	8,120,458
Non-operating revenues:			
Investment income	26,062	31,047	41,014
Interest credit - Build America Bonds	288,415	313,325	313,325
Other	(289,054)	39,338	(174,888)
Capital contributions:			
Plant investment fees	402,313	137,468	330,392
Water storage fees	203,007	225,039	13,720
Contributed assets	108,217	356,363	149,099
<b>Total Revenues</b>	<u>9,620,196</u>	<u>9,771,448</u>	<u>8,793,120</u>

In 2013, Total Revenue of \$9.6 million is generally comparable to 2012 levels of \$9.8 million. The plant investment fees and contributed assets revenue relate to new development connection fees. This revenue will vary year to year as large buildings are built and connected to the system.

In 2012, Total Revenue of \$9.8 million is generally comparable to 2011 levels of \$8.8 million. The \$1 million increase is from new base service rates being implemented to fund debt service of about \$0.6 million per year, with the remaining increase being related to contributed capital and water storage fees from new development.

**Upper Eagle Regional Water Authority  
Management's Discussion and Analysis  
December 31, 2013  
(continued)**

**REVIEW OF EXPENSES**

<b>Expenses:</b>			
Operating Expenses:			
Water treatment	3,877,929	3,960,675	3,788,952
Water distribution	4,355,362	4,426,913	4,359,055
Other operating	1,194,072	1,197,849	1,047,843
General and administrative	2,714,367	2,027,318	2,075,516
Non-operating expenses:			
Interest expense	1,682,104	1,366,099	1,456,924
Other	2,025	1,750	2,525
<b>Total Expenses</b>	<u>13,825,859</u>	<u>12,980,604</u>	<u>12,730,815</u>
<b>Change in Net Position</b>	(4,205,663)	(3,209,156)	(3,937,695)
<b>Net Position - Beginning of Year</b>	<u>67,000,529</u>	<u>70,209,685</u>	<u>74,147,380</u>
<b>Net Position - End of Year</b>	<u>\$ 62,794,866</u>	<u>\$ 67,000,529</u>	<u>\$ 70,209,685</u>

In 2013, total expenses of \$13.8 million are higher than \$13 million in 2012. Management budgeting efforts continued to hold operating expenses stable during 2013. The increase is associated with increased annual interest expense and the one time issue costs for the new bonds issued in April 2013.

In 2012, total expenses are comparable to 2011 levels at \$13 million. Management budgeting efforts continued to hold expenses stable during 2012.

For 2013, the Authority's operating activities, prior to depreciation expense, provides \$1.4 million of operating income. This is offset by \$4.7 million in depreciation expense which generates the operating loss of \$3.3 million. In addition, the Authority earned \$0.3 million in net investment income and interest credits, collects \$0.7 million in contributed capital, funds \$1.7 million in interest and amortization on debt service and recognizes a \$0.4 loss on asset dispositions. All these factors result in a decrease in net position of \$4.2 million for the year.

For 2012, the Authority's operating activities, prior to depreciation expense, provides \$1.7 million of operating income. This is offset by \$4.6 million in depreciation expense which generates the operating loss of \$2.9 million. In addition, the Authority earned \$0.3 million in net investment income and interest credits, collects \$0.7 million in contributed capital, and funds \$1.4 million in interest and amortization on debt service. All these factors result in a decrease in net position of \$3.2 million for the year.

**Upper Eagle Regional Water Authority  
Management's Discussion and Analysis  
December 31, 2013  
(continued)**

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The Authority's investment in capital assets, net of accumulated depreciation, as of December 31, 2013 and 2012 was \$78.8 million and \$81 million, respectively. This investment in capital assets includes land and land improvements, water rights and storage, treatment plants, distribution systems, telemetry, water wells and construction in process.

Most of the water and storage rights currently used by the Authority were provided by the member government entities at no cost to the Authority. In accordance with Governmental Accounting Standards Board (GASB), only owned water and storage rights are shown on the Authority's Statement of Net Position at historic cost, totaling \$1.5 million. This cost represents mostly legal expenditures to establish the Authority's ability to use these rights to provide water directly to the customers of each of its members and a small acquisition of new rights. Also in accordance with GASB, the investment in Eagle Park Reservoir Company Stock, which provides a valuable source of raw water supply, is not reflected in capital assets, but is shown in Other Assets at the historic cost of \$4.4 million. Management of the Authority believes the actual value of these water and storage rights used by the Authority to be much greater than historical cost at December 31, 2013. See the Schedule of Water and Storage Rights in the Statistical Section (page F6-8) for additional information.

Analysis of changes in capital assets in 2013 is as follows:

	<u>1/1/13 Beginning Balance</u>	<u>Additions</u>	<u>Reclasses and Retirements</u>	<u>12/31/13 Ending Balance</u>
Capital assets, not being depreciated:				
Land and land improvements	\$ 780,962	-	-	780,962
Water/storage rights	1,539,404	120,000	(121,295)	1,538,109
Construction in progress	4,783,680	2,957,561	(4,578,211)	3,163,030
Total capital assets, not being depreciated	<u>7,104,046</u>	<u>3,077,561</u>	<u>(4,699,506)</u>	<u>5,482,101</u>
Capital assets, being depreciated:				
Treatment plants	33,269,025	362,474	(602,857)	33,028,642

Distribution system	(30,807,287)	(2,721,919)	149,276	(33,379,930)
Water wells	(2,723,443)	(558,977)	22,807	(3,259,613)
Total accumulated depreciation	<u>(49,445,694)</u>	<u>(4,664,705)</u>	<u>737,131</u>	<u>(53,373,268)</u>
Total capital assets, being depreciated, net	<u>73,899,580</u>	<u>(283,425)</u>	<u>(298,448)</u>	<u>73,317,707</u>
<b>Total capital assets, net</b>	<u>\$ 81,003,626</u>	<u>2,794,136</u>	<u>(4,997,954)</u>	<u>78,799,808</u>

**Upper Eagle Regional Water Authority  
Management's Discussion and Analysis  
December 31, 2013  
(continued)**

In 2013, total net capital assets are \$78.8 million, reduced by \$2.2 million from the 2012 amount of \$81 million. Net capital assets decreased \$2.2 million which consisted of an increase from net additions/disposals of \$2.5 million, offset by a decrease of \$4.7 million in depreciation expense..

In 2012, total net capital assets are \$81 million, reduced by \$2 million from the 2011 amount of \$83 million. Net capital asset additions of \$2.6 million were offset by changes in accumulated depreciation for a net decrease in capital assets of \$2 million.

Additional information on the Authority's capital assets can be found in Note III.G to the financial statements.

**Long-term Debt**

At the end of 2013, the Authority has revenue bonds of \$37.2 million and assessment payable to Eagle Park Reservoir Company of \$1.5 million. During April of 2013, the Authority issued \$11.9 million in Series 2013A bonds. The proceeds will be used to fund the ongoing multi-year capital program. Additionally, the 2002 obligation was refunded by the Series 2013B bonds to achieve a lower interest cost on the remaining debt service payments. Other changes in debt during 2013 are for scheduled debt service payments of long-term obligations.

At the end of 2012, the Authority has revenue bonds of \$27 million and assessment payable to Eagle Park Reservoir Company of \$1.6 million. The changes in debt during 2012 are for scheduled debt service payments of long-term obligations.

**BUDGET VARIANCES AND FUTURE CONSIDERATIONS**

**Budget Variances**

In 2013, revenues exceeded budget expectations by \$1.1 million. The positive variance is mainly due to collection of connection fees from new development and bond proceeds in excess of original budgeted amounts. The expenditure budget was \$16.5 million, including \$5.7 million of capital additions. Actual expenditures were \$2.2 million less than budget, due to multi-year capital project spending being in 2014, which was later than 2013 budget expectations.

**2014 Budget Considerations**

The Authority will continue to promote wise use of water and support a comprehensive water conservation program. Additionally, the Authority will explore opportunities to develop or acquire new water resources.

In 2014, the approved expenditure budget is \$15.8 million, including \$5.3 million of capital additions.

The 2014 water use rates continue to include base fees and a five tier usage structure. Each tier allows 10,000 gallons of water use per SFE. The tier pricing progressively increases above previous tier to further promote wise use of water.

During 2014, service rates are increasing 3% and two new base rates are being added. The 2013A series bonds will be supported by a new monthly base rate of \$2.60 per SFE and a portion of the future capital replacement program costs will be supported by a new monthly base rate of \$3.35 per SFE.

**Upper Eagle Regional Water Authority  
Management's Discussion and Analysis  
December 31, 2013  
(continued)**

The 2014 monthly water rates are \$16.14 service base rate per SFE, plus \$5.72 debt service base rate per SFE, plus \$3.25 capital r placement program base rate per SFE and tiered usage rates of \$3.38 per 1,000 gallons for tier one, \$5.07 per 1,000 gallons for tier two, \$6.59 per 1,000 gallons for tier three, \$8.56 per 1,000 gallons for tier four and \$11.13 per 1,000 gallons for tier five (41,000 gallons and over).

Plant investment fees increased 3% effective January 1, 2014.

**REQUESTS FOR INFORMATION**

This report is designed to provide a general overview of the Authority's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: Becky Bultemeier, Director of Finance, Eagle River Water and Sanitation District, 846 Forest Road, Vail, Colorado 81657.

**NOTES TO THE FINANCIAL STATEMENTS**

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**

**I. Summary of Significant Accounting Policies**

Upper Eagle Regional Water Authority (the "Authority") was formed September 18, 1984 pursuant to an establishing contract by the following entities located in Eagle County, Colorado (the "members")

- Arrowhead Metropolitan District
- Town of Avon
- Beaver Creek Metropolitan District
- Berry Creek Metropolitan District
- Eagle-Vail Metropolitan District
- Edwards Metropolitan District

The Authority, a quasi-municipal corporation, is governed pursuant to provisions of the Colorado Special District Act. The Authority was established to make the best practical use of the members' joint resources to supply water and to further develop water resources and facilities in a portion of Eagle County, Colorado. The Authority also provides water service to the Cordillera and Bachelor Gulch developments through contracts with members.

The Authority may not be terminated while bonds, notes, or other obligations are outstanding, unless provision for full payment of such obligation has been made. At December 31, 2013, the Authority had debt with maturities through 2042.

The Authority has a service contract with the members. Under the terms of the agreement, the Authority provides residents of the members water service; the Authority bills these residents at rates which are expected to cover its costs of providing water services and other functions. Such costs specifically include debt service requirements, depreciation, replacements, operations, and maintenance. As part of the agreement, the members have leased all of their rights, associated easements, and improvements to the Authority at no cost. As return consideration, the Authority has agreed to maintain the associated improvements and to administer and protect the members' plan for augmentation and water decrees at no cost to the members.

Effective January 1, 1998, the members approved an Amended and Restated Master Service Contract (the "Master Service Contract"). In addition to the provisions described above, the Master Service Contract stipulated that:

- The members convey their individual water systems to the Authority.
- All member customers become customers of the Authority.
- Tap fees and water surcharges will remain revenue of the individual members.
- Maintenance of the existing individual water systems becomes the responsibility of the Authority.
- Construction of new lines and the extension of existing lines to serve new developments remains the responsibility of the individual members.
- The members retain ownership of water rights and an interest in assets, including rights to capacity in the system to the extent necessary to ensure service to their service areas and to retain individual enterprise status.

The Authority has no employees; all operations and administrative functions are contracted with Eagle River Water and Sanitation District (the "District"), as subsequently explained.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**I. Summary of Significant Accounting Policies (continued)**

The Authority's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established by GAAP used by the Authority are discussed below.

**A. Reporting Entity**

The reporting entity consists of (a) the primary government; i.e., the Authority, and (b) organizations for which the Authority is financially accountable. The Authority is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the Authority. Consideration is also given to other organizations, which are fiscally dependent; i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the Authority. Organizations for which the nature and significance of their relationship with the Authority are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

Based on the criteria above, the Authority is not financially accountable for any other entity nor is the Authority a component unit of any other government.

**B. Fund Accounting**

The Authority uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions and activities. A fund is a separate accounting entity with a self-balancing set of accounts.

The Authority uses a proprietary fund-type, an enterprise fund, to account for its activity, providing water services to residents within the Authority's boundaries. Enterprise funds are used to account for operations (a) which are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements. Financial statement presentation refers to classification of revenues by source and expenses by function.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**I. Summary of Significant Accounting Policies (continued)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)**

**1. Long-term Economic Focus and Accrual Basis**

Proprietary funds use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

**2. Financial Statement Presentation**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority's enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**D. Financial Statement Accounts and Accounting Policies**

**1. Cash and Cash Equivalents**

For purposes of the Statements of Cash Flows, the Authority considers cash on hand, demand deposits, U.S. government obligations and other highly liquid investments with maturities of three months or less when purchased to be cash equivalents.

**2. Receivables**

Receivables are reported net of an allowance for uncollectible accounts. An allowance for doubtful accounts in the amount of \$20,387 and \$20,387 had been established at December 31, 2013 and 2012, respectively, to estimate uncollectible accounts

**3. Capital Assets**

Capital assets, which include water/storage rights, land and improvements, construction in progress, treatment plants, distribution systems, and water wells, are reported in the financial statements. The Authority defines capital assets as assets with an initial cost of \$5,000 or more. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated fair value at the date of donation. The cost of water and storage rights includes acquisition cost, legal and engineering costs related to the development and augmentation of those rights. Since the rights have a perpetual life, they are not amortized. All other costs, including costs incurred for the protection of those rights, are expensed. See the Schedule of Water and Storage Rights in the Statistical Section (pages F6-F8) for additional information.

Each of the participating members leased or subleased sufficient water rights to the Authority at no cost to the Authority to meet their projected needs upon full build-out within their current boundaries.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**I. Summary of Significant Accounting Policies (continued)**

**D. Financial Statement Accounts and Accounting Policies (continued)**

**3. Capital Assets (continued)**

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Capital outlay for projects is capitalized as projects are constructed. Interest incurred during the construction phase is capitalized as part of the value of the assets constructed. During the years ended December 31, 2013 and 2012, the Authority capitalized interest of \$81,876 and \$147,435, respectively, as part of capital assets.

Treatment plants, distribution systems, and water wells are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Treatment plants	5 - 40
Distribution systems	5 - 40
Water wells	5 - 40

In the event of the dissolution of the Authority, all of the assets of the Authority shall immediately vest in the participating members, subject to any outstanding liens, mortgages, or other pledges of such assets. The interest in the assets of the Authority conveyed to each member shall be that proportion which the average annual amount of treated water sold within the boundaries of each member, bears to the average annual total amount of all treated water sold by the Authority.

**4. Net Position**

Net position represents the difference between assets, liabilities, and deferred inflows (outflows) of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets and increased by any unspent proceeds from related borrowings. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Authority or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is reported as unrestricted.

The Authority applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**I. Summary of Significant Accounting Policies (continued)**

**D. Financial Statement Accounts and Accounting Policies (continued)**

**5. Long-term Obligations**

Long-term debt and other long-term obligations are reported as liabilities in Statement of Net Position. Bond premiums and discounts are deferred and amortized over the respective life of the respective debt using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the period incurred.

The deferred cost on bond refunding is being amortized over the lesser of the life of the new bond or the remaining life of the refunded bonds using the straight-line method which approximates the effective interest method. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as a deferred outflow of resources.

**6. Deferred Outflows and Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The Authority only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt .

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority does not have any items that qualify for reporting in this category at December 31, 2013.

**7. Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the Authority's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

**8. Restricted and Unrestricted Resources**

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**II. Stewardship, Compliance, and Accountability**

**A. Budgetary Information**

In the fall of each year, the Authority's Board of Directors formally adopts a budget with appropriations for the ensuing year pursuant to the Colorado Local Budget Law. The budget is adopted on a non-GAAP basis and is reconciled to GAAP in Section E of this report. Expenditures may not legally exceed appropriations and all appropriations lapse at year-end.

As required by Colorado statutes, the Authority followed the required timetable noted below in preparing, approving, and enacting its budget for 2013:

1. The Authority submitted, on or before October 15, 2012, a recommended budget that detailed the necessary revenues to meet the Authority's operating requirements.
2. On or prior to December 31, 2012, after a required publication of "Notice of Budget" and a public hearing, the Authority adopted the proposed budget and a resolution that legally appropriated expenditures for the upcoming year.
3. After adoption of the budget resolution, the Authority may make the following changes: a) it may approve supplemental appropriations to the extent of revenues in excess of estimated revenues in the budget; b) it may approve emergency appropriations; and c) it may reduce appropriations for which originally estimated revenues are insufficient.

**B. TABOR Amendment**

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20; commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains revenue, spending, tax and debt limitations that apply to the State of Colorado and local governments.

TABOR also requires local governments to establish an emergency reserve to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. The reserve is calculated at 3% of fiscal year spending. Fiscal year spending excludes bonded debt service and enterprise spending.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from state and local governments, are excluded from the provisions of TABOR. The Authority's management believes its operations qualify for this exclusion.

The Authority believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions, including the interpretation of how to calculate fiscal year spending limits and qualification as an enterprise, will require judicial interpretation.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**III. Detailed Notes on All Funds**

**A. Deposits and Investments**

The Authority's deposits are entirely covered by the Federal Deposit Insurance Corporation ("FDIC") or by collateral held under Colorado's Public Deposit Protection Act ("PDPA"). The FDIC insures depositors up to \$250,000 for all accounts. Deposit balances over \$250,000 are collateralized as required by PDPA. The carrying amounts of the Authority's cash and cash equivalents were \$17,258,958 and \$9,471,823 as of December 31, 2013 and 2012, respectively.

At December 31, 2013 and 2012, the Authority had the following cash and investments with the following maturities:

	<b>December 31, 2013</b>			
	<b>Standard &amp; Poors Rating</b>	<b>Carrying Amounts</b>	<b>Maturities</b>	
			<b>Less than one year</b>	<b>1 - 5 years</b>
<i>Deposits:</i>				
Checking	Not rated	90,854	90,854	-
Money market	Not rated	6,437	6,437	-
<i>Investment pools</i>	AAAm	17,161,667	17,161,667	-
<b>Total</b>		<u>17,258,958</u>	<u>17,258,958</u>	<u>-</u>
	<b>December 31, 2012</b>			
	<b>Standard &amp; Poors Rating</b>	<b>Carrying Amounts</b>	<b>Maturities</b>	
			<b>Less than one year</b>	<b>1 - 5 years</b>
<i>Deposits:</i>				
Checking	Not rated	31,396	31,396	-
Money market	Not rated	5,867	5,867	-
<i>Investment pools</i>	AAAm	9,434,560	9,434,560	-
<b>Total</b>		<u>9,471,823</u>	<u>9,471,823</u>	<u>-</u>

The investment pool represents investments in the Colorado Government Liquid Asset Trust ("COLOTRUST") which is a 2a7-like pool. The fair value of the pool is determined by the pool's share price. The Authority has no regulatory oversight for the pool.

**Interest Rate Risk.** As a means of limiting its exposure to interest rate risk, the Authority coordinates its investment maturities to closely match cash flow needs and restricts the maximum investment term to less than two years from the purchase date.

**Credit Risk.** The Authority's investment policy implements the prudent investor rule as a guideline for investment decisions.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**III. Detailed Notes on All Funds (continued)**

**A. Deposits and Investments (continued)**

Colorado statutes specify instruments in which local governments may invest, including:

- Obligations of the U.S. and certain U.S. governmental agency securities
- Certain international agency securities
- General obligation and revenue bonds for U.S. local governmental entities
- Bankers acceptances of certain banks
- Commercial paper
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

**Concentration of Credit Risk.** According to the Authority's investment policy, it is permitted to invest up to the following maximum limits:

<b>Investment Type</b>	<b>Maximum Percentage</b>
U.S. Treasury obligations	100%
Qualified certificates of deposit	50%
Qualified local government investment pools	100%
Federal instrumentality securities	50%
Repurchase agreements collateralized by U.S. Treasury obligations	100%
Bankers acceptances and commercial paper - combined total	30%

**B. Restricted Cash and Cash Equivalents**

At December 31, 2013 and 2012, cash has been restricted for the following purposes:

	<b>12/31/13</b>	<b>12/31/12</b>
Debt covenant and operations reserves	2,183,060	2,149,529
Rate stabilization funds	600,000	600,000
Restricted for capital projects	10,296,951	1,696,830
<b>Total</b>	<b>13,080,011</b>	<b>4,446,359</b>

**C. Summary of Cash and Investments**

The Authority's cash and cash equivalents are disclosed in the following financial statement captions:

	<b>12/31/13</b>	<b>12/31/12</b>
Cash and cash equivalents - Unrestricted	4,178,947	5,025,464
Cash and cash equivalents - Restricted	13,080,011	4,446,359
<b>Total</b>	<b>17,258,958</b>	<b>9,471,823</b>

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**III. Detailed Notes on All Funds (continued)**

**D. Notes Receivable**

The following is an analysis of changes in notes receivable for past two fiscal years:

	<u>1/1/12</u>			<u>12/31/12</u>			<u>12/31/13</u>
	<u>Beginning</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending</u>
	<u>Balance</u>			<u>Balance</u>			<u>Balance</u>
Traer Creek	129,547	-	(4,818)	124,729	-	(5,082)	119,647
	129,547	-	(4,818)	124,729	-	(5,082)	119,647
Less: Current portion	(4,820)			(5,083)			(5,360)
Long-term portion	<u>124,727</u>			<u>119,646</u>			<u>114,287</u>

**1. Traer Creek Metropolitan District ("Traer Creek")**

On November 4, 2002, the Authority entered into a service agreement with Traer Creek for augmentation water. This agreement requires Traer Creek to pay an amount equal to the cost of 300 shares of Eagle Park Reservoir Company (the "Reservoir Company") stock for use in connection with the augmentation water. The Authority is to remain the record titleholder of the 300 shares of the Reservoir Company stock and will retain all shareholder rights. Pursuant to this agreement, the purchase price of the Reservoir Company stock was \$163,070. Annual combined principal and interest payments of \$11,880 are due to the Authority on September 15<sup>th</sup> through 2028. The loan bears interest at 5.45% per annum.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**III. Detailed Notes on All Funds (continued)**

**E. Patronage Dividend Receivable**

The Authority has a dividend receivable from Holy Cross Electric Association (“Holy Cross”) which represents allocated refundable operating profits. These amounts are held by Holy Cross as working capital until the financial condition of Holy Cross permits a refund. Refunds are normally received annually approximately ten years in arrears. During the years ended December 31, 2013 and 2012, the Authority received refunds of \$42,060 and \$42,505, respectively, from Holy Cross. The balances due to the Authority at December 31, 2013 and 2012, were \$384,116 and \$380,574, respectively.

**F. Investment in Eagle Park Reservoir Company**

The Eagle Park Reservoir Company (the “Reservoir Company”), a Colorado nonprofit corporation was formed May 8, 1998 to acquire water diversion, storage facilities and water rights, including the Arkansas well water and operate its water storage facilities located in Eagle County, Colorado, and to direct releases of water from the reservoir on behalf of its stockholders. An investment in the Reservoir Company allows the owner to augment its existing water rights.

In 1998, the Authority acquired 3830 Class A Shares (approximately 19%) and 125 Class B shares of the stock in the Reservoir Company for \$2,216,574 and the contribution/pledge of certain water rights. The \$2,216,574 was financed through an assessment obligation payable to the Reservoir Company, which is explained in Note III.H.1, and is recorded as an investment in Eagle Park Reservoir Company, along with \$143,420 of legal costs related to the issuance of the assessment payable. Since 1998, the Authority has acquired additional shares of the Reservoir Company through various transactions. As of December 31, 2010, the Authority held 5390 Class A Shares (approximately 21%), 125 Class B Series 1 and 131.5 Class B Series 2 shares of the stock in the Reservoir Company at a cost of \$4,445,917.

During 2011 through 2013, the Authority’s investment in the Reservoir Company was unchanged.

As of December 31, 2013, the Authority held 5390 Class A Shares (approximately 21%), 125 Class B Series 1 and 131.5 Class B Series 2 shares of the stock in the Reservoir Company at a cost of \$4,445,917. See the Schedule of Water and Storage Rights in the Statistical Section (pages F6-F8) for additional information.

**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**III. Detailed Notes on All Funds (continued)**

**H. Long-Term Debt**

The Authority had the following long-term debt outstanding during the past two fiscal years:

**1. 1998 Assessment Obligation Note**

As previously explained in Note III.F, the Authority financed its 1998 investment in the Reservoir Company through the execution of an assessment obligation note in the amount of \$2,216,574. This note bears interest at 5.45% annually. Debt service payments of \$151,671 are due annually on September 16<sup>th</sup> through 2028.

The obligation is secured by the Authority's ownership of common stock of the Reservoir Company and certain water rights owned by participating members and leased to the Authority. The agreement contains release provisions for the collateral based on the timely payment of scheduled obligations. The assessment payable is subject to annual appropriation.

The Authority is maintaining a reserve equal to the next fiscal year's principal and interest payments for this obligation.

**2. Water Refunding and Improvement Revenue Bonds, Series 2002**

The Authority issued \$5,155,000 of bonds in November 2002, the proceeds of which were used to refund the Authority's 1994 Bonds, finance improvements to the Authority's water system, purchase water rights, purchase municipal bond insurance, and pay the costs of issuance. The interest rates on the bonds ranged from 3.00% to 4.90%. Interest was payable on June 1<sup>st</sup> and December 1<sup>st</sup> through 2022. The principal was payable on December 1<sup>st</sup> and matured in various increments through 2022.

During 2013, proceeds from the Water Revenue Refunding Bonds, Series 2013C, were used to refund the 2002 Water Bonds as mentioned in Note III.H.8.

**3. Water Refunding Revenue Bonds, Series 2003**

The Authority issued \$5,155,000 of bonds in July 2003, the proceeds of which were used to refund a portion of the Authority's 1995 Bonds, purchase municipal bond insurance, and pay the costs of issuance. The interest rates on the bonds range from 2.00% to 3.80%. Interest is payable on June 1 and December 1, through 2018. The principal is payable on December 1 and matures in various increments through 2018.

As special, limited obligations of the Authority, principal and interest on the bonds are payable solely from net pledged revenues. Such net revenue includes income derived from the water treatment facilities and other legally available revenue after payment of operation and maintenance expenses of the system.

The bond documents include a Rate Maintenance Covenant, which requires the Authority to establish service rates at a level sufficient to cover operating, maintenance, system improvement, insurance, and other expenses, as well as 110% of each fiscal year's debt service requirements of outstanding Authority bonds.

**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**III. Detailed Notes on All Funds (continued)**

**H. Long-Term Debt (continued)**

**3. Water Refunding Revenue Bonds, Series 2003 (continued)**

These bonds are secured by a Reserve Fund equal to the least of 1) 10% of the aggregate principal amount of outstanding 2003 Bonds and any Future Reserve Fund Bonds (as defined in the bond documents), 2) the maximum annual principal and interest on outstanding 2003 Bonds and any Future Reserve Fund Bonds, or 3) 125% of average principal and interest on the bonds and any Reserve Fund Bonds. The Authority has purchased an insurance policy to provide reserve funds if needed; therefore, no reserve has been reflected in these financial statements for this purpose.

In accordance with bond indentures, the Authority has restricted cash and net position equal to one-sixth (1/6) of the next installment and one-twelfth (1/12) of the next principal installment.

Pursuant to bond documents, the Authority has also created an Operations Reserve in an amount equal to three months of operations and maintenance expenses as set forth in the Authority's annual budget.

Only bonds maturing on and after December 1, 2014, are subject to redemption prior maturity: these bonds are subject to redemption prior to maturity at the option of the Authority at par value.

**4. Water Refunding Revenue Bonds, Series 2007**

The Authority issued \$2,040,000 of bonds in October 2007, the proceeds of which were used to refund the outstanding Authority's 1995 Bonds, purchase municipal bond insurance, and pay the costs of issuance. The interest rates on the bonds range from 3.70% to 4.00%. Interest is payable on June 1<sup>st</sup> and December 1<sup>st</sup>, through 2018. This bond issue consists of serial bonds due annually on December 1<sup>st</sup> in various increments through 2014 and term bonds due on December 1, 2016 and December 1, 2018. The serial bonds are subject to mandatory sinking fund redemption at par, plus accrued interest to the redemption date.

As special, limited obligations of the Authority, principal and interest on the bonds are payable solely from net pledged revenues. Such net revenue includes income derived from the water treatment facilities and other legally available revenue after the payment of operation and maintenance expenses of the system.

The bond documents include a Rate Maintenance Covenant, which requires the Authority to establish service rates at a level sufficient to cover operating, maintenance, system improvement, insurance, and other expenses, as well as 110% of each fiscal year's debt service requirements of outstanding Authority bonds.

These bonds are secured by a Reserve Fund equal to the least of 1) 10% of the aggregate principal amount of outstanding 2002 Bonds and any Reserve Fund Bonds (as defined in the bond documents), 2) the maximum annual principal and interest on outstanding 2002 Bonds and any Reserve Fund Bonds, or 3) 125% of average principal and interest on the bonds and any Reserve Fund Bonds. The Authority has purchased an insurance policy to provide reserve funds if needed; therefore, no reserve has been reflected in these financial statements for this purpose.

**III. Detailed Notes on All Funds (continued)**

**H. Long-Term Debt (continued)**

**4. Water Refunding Revenue Bonds, Series 2007 (continued)**

In accordance with bond indentures, the Authority has restricted cash and net position equal to one-sixth (1/6) of the next installment and one-twelfth (1/12) of the next principal installment.

Pursuant to bond documents, the Authority has also created an Operations Reserve in an amount equal to three months of operations and maintenance expenses as set forth in the Authority's annual budget.

Only bonds maturing on and after December 1, 2016, are subject to redemption prior maturity: these bonds are subject to redemption prior to maturity at the option of the Authority at par value.

**5. Tax-Exempt Water Revenue Bonds, Series 2010**

The Authority issued \$8,695,000 of tax-exempt water revenue bonds in February 2010, the proceeds of which were used to retire the 2000 CWRPDA loan, finance deposits to Reserve Fund (which is subsequently explained), and pay the costs of issuance. The interest rates on the bonds range from 2.50% to 4.00%. Interest is payable on June 1<sup>st</sup> and December 1<sup>st</sup>, through 2020. The principal is payable on December 1<sup>st</sup> and matures in various increments through 2020.

As special, limited obligations of the Authority, principal and interest on the bonds are payable solely from net pledged revenues. Such net revenue includes income derived from the water treatment facilities and other legally available revenue after the payment of operation and maintenance expenses of the system. In connection with the issuance of these bonds, the Authority has adopted a resolution imposing a new Water Debt Service Rate which is collected monthly from each single family equivalent ("SFE") in the system.

The bond documents include a Rate Maintenance Covenant, which requires the Authority to establish service rates at a level sufficient to cover operating, maintenance, system improvement, insurance, and other expenses, as well as 110% of each fiscal year's debt service requirements of outstanding Authority bonds.

These bonds and the Taxable Water Revenue Bonds, Series 2010 (collectively referred to as the "2010 Bonds"), are secured by a common Reserve Fund equal to the least of 1) 10% of the aggregate principal amount of outstanding 2010 Bonds and any Reserve Fund Bonds (as defined in the bond documents), 2) the maximum annual principal and interest on outstanding 2010 Bonds and any Reserve Fund Bonds, or 3) 125% of average principal and interest on the bonds and any Reserve Fund Bonds. The Authority has purchased an insurance policy to provide reserve funds if needed; therefore, no reserve has been reflected in these financial statements for this purpose.

**December 31, 2013 and 2012**  
**(Continued)**

**III. Detailed Notes on All Funds (continued)**

**H. Long-Term Debt (continued)**

**5. Tax-Exempt Water Revenue Bonds, Series 2010 (continued)**

In conjunction with the issuance of the 2010 Bonds, the Authority is required to maintain a Rate Stabilization Fund of \$600,000; the Rate Stabilization Fund was created to help offset or reduce any increases in fees, rates, and other charges to the users of the water system which was created by the Rate Maintenance Covenant.

In accordance with bond indentures, the Authority has restricted cash and net position equal to one-sixth (1/6) of the next installment and one-twelfth (1/12) of the next principal installment.

Pursuant to bond documents, the Authority has also created an Operations Reserve in an amount equal to three months of operations and maintenance expenses as set forth in the Authority's annual budget.

These bonds are not subject to optional redemption prior to their respective maturity dates.

**6. Taxable Water Revenue Bonds, Series 2010**

The Authority issued \$14,650,000 of taxable water revenue bonds in February 2010, the proceeds of which were used to finance improvements to the water system, finance deposits to Reserve Fund (which is subsequently explained), and pay the costs of issuance. The interest rates on the bonds range from 5.36% to 6.52%. Interest is payable on June 1<sup>st</sup> and December 1<sup>st</sup>, through 2039. This bond issue consists of term bonds due on December 1, 2025, December 1, 2030, and December 1, 2039; these bonds are subject to mandatory sinking fund redemption at par, plus accrued interest to the redemption date.

These bonds are Qualified Build America Bonds, which indicates the bonds are not tax-exempt. Under the Build America Program, the Authority may apply for interest cost subsidies from the federal government. Such subsidies will be used by the Authority to pay debt service on these bonds. During the fiscal year ended December 31, 2013, the Authority recognized revenue of \$288,415 related to this subsidy.

As special, limited obligations of the Authority, principal and interest on the bonds are payable solely from net pledged revenues. Such net revenue includes income derived from the water treatment facilities and other legally available revenue after the payment of operation and maintenance expenses of the system. In connection with the issuance of these bonds, the Authority has adopted a resolution imposing a new Water Debt Service Rate which is collected monthly from each single family equivalent ("SFE") in the system.

The bond documents include a Rate Maintenance Covenant, which requires the Authority to establish service rates at a level sufficient to cover operating, maintenance, system improvement, insurance, and other expenses, as well as 110% of each fiscal year's debt service requirements of outstanding Authority bonds.

**6. Taxable Water Revenue Bonds, Series 2010 (continued)**

As previously discussed, these bonds and the Tax-Exempt Water Revenue Bonds, Series 2010 (collectively referred to as the "2010 Bonds"), are secured by a common Reserve Fund equal to the least of 1) 10% of the aggregate principal amount of outstanding 2010 Bonds and any Reserve Fund Bonds (as defined in the bond documents), 2) the maximum annual principal and interest on outstanding 2010 Bonds and any Reserve Fund Bonds, or 3) 125% of average principal and interest on the bonds and any Reserve Fund Bonds. The Authority has purchased an insurance policy to provide reserve funds if needed; therefore, no reserve has been reflected in these financial statements for this purpose.

In conjunction with the issuance of the 2010 Bonds, the Authority is required to maintain a Rate Stabilization Fund of \$600,000; the Rate Stabilization Fund was created to help offset or reduce any increases in fees, rates, and other charges to the users of the water system which was created by the Rate Maintenance Covenant.

In accordance with bond indentures, the Authority has restricted cash and net position equal to one-sixth (1/6) of the next installment and one-twelfth (1/12) of the next principal installment.

Pursuant to bond documents, the Authority has also created an Operations Reserve in an amount equal to three months of operations and maintenance expenses as set forth in the Authority's annual budget.

These bonds are subject to redemption prior to maturity at the option of the Authority at par plus accrued interest without a redemption premium.

**7. Tax-Exempt Water Revenue Bonds, Series 2013A**

The Authority issued \$11,905,000 of tax-exempt wastewater revenue bonds in April 2013, with annual interest rates ranging from 2.5% to 4.25%. Interest is payable June 1 and December 1, through 2042. The principal is payable on December 1 and matures in various increments through 2042. The proceeds of these bonds were used to finance improvements to the water system. This bond issue consists of term bonds due on December 1, 2023, December 1, 2028, December 1, 2033, December 1, 2036 and December 1, 2042; these bonds are subject to mandatory sinking fund redemption at par, plus accrued interest to the redemption date.

As special, limited obligations of the Authority, principal and interest on the bonds are payable solely from net pledged revenues. Such net revenue includes income derived from the water treatment facilities and other legally available revenue after payment of operation and maintenance expenses of the system.

The bond documents include a Rate Maintenance Covenant, which requires the Authority to establish service rates at a level sufficient to cover operating and maintenance expenses, as well as 110% of each fiscal year's debt service requirements of outstanding Authority bonds.

**7. Tax-Exempt Water Revenue Bonds, Series 2013A (continued)**

A bond insurance policy, which guarantees the scheduled payment of principal and interest of the bonds was issued by Assured Guaranty Mutual Corporation concurrently with the issuance of these bonds.

The Authority is required to maintain a Rate Stabilization Fund of \$600,000; the Rate Stabilization Fund was created to help offset or reduce any increase in fees, rates, and other charges to the users of the water system which was created by the Rate Maintenance Covenant.

In accordance with bond indentures, the Authority has restricted cash and net position equal to one-sixth (1/6) of the next installment and one-twelfth (1/12) of the next principal installment.

Pursuant to bond documents, the Authority has also created an Operations Reserve in an amount equal to three months of operations and maintenance expenses as set forth in the Authority's annual budget.

The bonds maturing on or before December 1, 2023, are not subject to redemption prior to maturity. The bonds maturing on and after December 1, 2024, are subject to redemption prior to maturity at the option of the Authority at par plus accrued interest without a redemption premium.

**8. Tax-Exempt Water Revenue Refunding Bonds, Series 2013C**

The Authority issued \$940,000 of tax-exempt wastewater revenue bonds in April 2013, with annual interest rates ranging from 2.0% to 2.25%. Interest is payable June 1 and December 1, through 2022. The principal is payable on December 1 and matures in various increments through 2022. The proceeds were used to refund the outstanding Authority's 2002 Water Refunding and Improvement Revenue Bonds, purchase municipal bond insurance, and pay the costs of issuance.

As special, limited obligations of the Authority, principal and interest on the bonds are payable solely from net pledged revenues. Such net revenue includes income derived from the water treatment facilities and other legally available revenue after payment of operation and maintenance expenses of the system.

The bond documents include a Rate Maintenance Covenant, which requires the Authority to establish service rates at a level sufficient to cover operating and maintenance expenses, as well as 110% of each fiscal year's debt service requirements of outstanding Authority bonds.

**IV. Other Information**

**A. Risk Management**

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority has joined together with other special districts in the State to form the Colorado Special Districts Property and Liability Pool ("the Pool"), a public entity risk pool currently operating as a common risk management and insurance program for member special districts. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The Authority pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

The Authority carries commercial insurance coverage for other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

**B. Intergovernmental Agreements**

**1. Interconnect**

The Authority and the District entered into an intergovernmental agreement ("IGA") to construct an interconnect between their two water systems to enable the transfer of water between the parties for the purposes of achieving operational flexibility. In accordance with the IGA, the deliveries between the two systems are to be measured daily (net distribution of water) with the net amount owed by either party to the other to be billed to the owing party at a rate equal to 75 percent of the then current water rate charges by the owing party.

**Upper Eagle Regional Water Authority**  
**Notes to the Financial Statements**  
**December 31, 2013 and 2012**  
**(Continued)**

**IV. Other Information (continued)**

**B. Intergovernmental Agreements (continued)**

**1. Interconnect (continued)**

The intent of the parties is to provide long-term service to each other through the availability of peak use season and emergency supplemental water supply. The payment calculation year is May 1<sup>st</sup> to April 30<sup>th</sup>. If at the end of the payment year there is a net distribution of water to one of the parties, that party shall make payment to the other party. In most years, the net distribution at April 30 is insignificant and does not require a payment to be made. At December 31, 2013 and 2012, the net amount payable from the Authority to the District was \$251,139 and \$195,006, respectively.

**2. Management and Operations Agreement**

Through an agreement, the District provides administration, operations, accounting and maintenance services to the Authority. The District bills customers for the water service provided and collects and remits the monies to the Authority. Additionally, the District provides capital program management services, which are eventually capitalized by the Authority as part of the cost basis of the completed facility. Costs incurred during 2013 under the terms of this agreement amounted to \$3,578,587 and \$3,538,951 for operating and billing expenses, and \$256,858 and \$221,593 for capitalized management services, totaling \$3,835,445 and \$3,760,545 during the years ended December 31, 2013 and 2012, respectively. Outstanding management fees due to the District as of December 31, 2013 and 2012 totaled \$17,870 and \$221,597, respectively. There were other outstanding payables, for operation services, due to the District as of December 31, 2013 and 2012 totaling \$251,153 and \$446,013, respectively. As of December 31, 2013 there was \$1,286,639 due from the District, for water service billed, included in the \$1,395,292 accounts receivable balance.

**3. Ground Lease**

On April 30, 1985, the Authority entered into a lease agreement with the Town of Avon for the land upon which the water treatment facility is located. The term of the lease is for 99 years. Minimal consideration for the lease was paid in advance. In addition, the Town of Avon has reserved the right to use the airspace above the water treatment facility for construction of municipal facilities.

**C. Commitments and Contingencies**

**1. Federal and State Grants and Financial Sources**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Authority expects such amounts, if any, to be immaterial.

**V. Subsequent Events**

Management has evaluated subsequent events through July 29, 2014, the date these financial statements were available to be issued.

**Upper Eagle Regional Water Authority  
Schedule of Water & Storage Rights  
December 31, 2013  
(Unaudited)**

Most of the in basin consumptive use water rights and the Beaver Creek direct flow water rights used by the Authority were provided by the member government entities at no cost to the Authority; the Homestake Reservoir water was obtained through negotiation at no cost; and the Black Lakes, Green Mountain Reservoir and Wolford Mountain Reservoir water are obtained by lease and did not involve a purchase. In accordance with Governmental Accounting Standards Board (GASB), only owned water and storage rights are shown on the Authority's Statement of Net Position at historic cost, totaling \$1,539,404. This cost represents mostly legal expenditures to establish the Authority's ability to use these rights to provide water directly to the customers of each of its members and a small acquisition of new rights. Also in accordance with GASB, the investment in Eagle Park Reservoir Company Stock, which provides a valuable source of water supply, is not reflected in capital assets, but is shown in Other Assets at the historic cost of \$4,445,917. Management of the Authority believes the actual value of these water and storage rights used by the Authority to be greater than historical cost at December 31, 2013.

The appraisal value as of November 21, 2013 (the latest available information), performed by Porzak Browning & Bushong LLP (Special Water Rights Counsel for the Authority) is recited here solely for informational purposes.

<b>Water Right</b>	<b>Quantity (a.f.)</b>	<b>Price per a.f.</b>	<b>Historical Cost</b>	<b>Appraisal Value</b>

**Water Rights Owned**

Eagle Park Reservoir

The Authority owns or has a perpetual contractual right to the water rights in connection with Eagle Park Reservoir (579 a.f.). Refer to footnote III.F. for additional terms. The value of Eagle Park Reservoir is based on the Authority's dedication replacement cost of \$23,800 per acre-foot for non-irrigation season in-basin storage. That replacement cost is established by the Authority's water dedication policy, which is the basis by which water service is approved for and provided to all new development in the Authority's service area.

Homestake Reservoir

The Authority owns or has a perpetual contractual right to the water rights in connection with Homestake Reservoir (256.5 a.f.). The value of Homestake Reservoir storage is based on the Authority's dedication replacement cost of \$23,800 per acre-foot for non-irrigation season in-basin storage. That replacement cost is established by the Authority's water dedication policy, which is the basis by which water service is approved for and provided to all new development in the Authority's service area.

Green Mountain Reservoir

The Authority owns water related contracts in connection with Green Mountain Reservoir (548 a.f.).

**Upper Eagle Regional Water Authority**  
**Schedule of Water & Storage Rights**  
**December 31, 2013**  
**(Unaudited)**  
**(continued)**

Contract 9-07-60-W0413: This contract was executed on July 17, 1989, for 220 acre-feet per year. The annual lease payment is \$10 per acre-foot, which can be adjusted to cover operation and maintenance costs if such costs exceed \$10 per acre-foot. This lease is for a term of 40 years (expires July 16, 2029), with an option to renew for an additional 40 years. By virtue of an assignment from Kensington Partners, Squaw Creek Metropolitan District, and Cordillera Metropolitan District of 255 acre-feet of water annually from Kensington Partner's Green Mountain Reservoir Contract No. 4-07-60-W1015, the Bureau is amending the Authority's Contract 9-07-60-W0413 to include this assigned amount, resulting in a total of 475 acre-feet under this contract. All of the terms of the Authority's Contract 9-07-60-W0413 will apply to the entire 475 acre-feet of water per year. The Bureau's approval of the assignment is pending of the 255 acre-feet is pending.

Contract 9-07-60-W0401: This contract was executed by Kensington Partners on January 11, 1989, for 25 acre-feet per year, and it was amended on October 25, 1989, to include an additional 48 acre-feet per year, for a total of 73 acre-feet of water per year. The annual lease payment is \$10 per acre-foot, which can be adjusted to cover operation and maintenance costs if such costs exceed \$10 per acre-foot. This lease is for a term of 40 years (expires January 10, 2029), with an option to renew for an additional 40 years. Kensington Partners assigned this contract to Squaw Creek Metropolitan District and Cordillera Metropolitan District, and they assigned it to the Authority on March 25, 2004. The Bureau approved the assignment to the Authority effective October 4, 2010.

Green Mountain Reservoir contract water value is based on the fact that Green Mountain Reservoir is a finite pool, that there are no new contracts being let by the U.S. Bureau of Reclamation for this pool, but also reflecting its lower value compared with Wolford Mountain Reservoir contract water due to less reliability and transfer issues with the Bureau. The term of the Green Mountain Reservoir contract is also less than the term of the Wolford Mountain Reservoir contract.

Wolford Mountain Reservoir

The Authority owns water related contracts in connection with Wolford Mountain Reservoir (710.8 a.f.).

Contract CW08011: This contract was executed on February 10, 2009, for 500 acre-feet per year. The base price was \$260.25 per acre-foot for the first year, and annual contract payments are \$260.25 per acre-foot, but they can be increase each year up to the amount of increase in the Consumer Price Index plus New Growth Index. It is for an initial term of 75 years (expiring February 9, 2084), with a right of first refusal at the end of the initial term on the same terms at which the River District is offering similar supplies to other municipal water providers.

Contract CW02020: This contract was executed by the Squaw Creek Metropolitan District on December 13, 2002, and it was assigned from Squaw Creek Metropolitan District to the Authority on June 4, 2004. It is for 200 acre-feet per year, and the initial cost was \$105.00 per acre-foot, with an annual lease payment is \$105.00 per acre-foot, which can be increased each year up to the increase in the Boulder-Denver Metro Area Consumer Price Index. It is for an initial term of 40 years (expiring December 12, 2042), with a right to renew for an additional 35 years.

Contract CW03005: This contract was executed by Traer Creek Metropolitan District on February 3, 2003, and it was assigned from Traer Creek Metropolitan District to the Authority on April 16, 2003. It is for 10.8 acre-feet per year, with an initial cost of \$750.00 per acre-foot. The annual lease payment is \$20.00 per acre-foot, which can be adjusted

**Upper Eagle Regional Water Authority**  
**Schedule of Water & Storage Rights**  
**December 31, 2013**  
**(Unaudited)**  
**(continued)**

every five (5) years based on the cumulative in the Boulder-Denver Metro Area Consumer Price Index. It is for an initial term of 40 years (expires February 2, 2043), with a right to renew for an additional 35 years.

Wolford Mountain Reservoir contract water value is based on a ten (10) year cost at \$316 per acre-foot per year, or a total of \$3,160 per acre-foot. A ten year lease cost is an approximation of the purchase value of this water.

In-Basin Consumptive Use

The Authority owns or has a perpetual contractual right to in-basin consumptive use water rights (437.83 a.f.). In-basin consumptive use credits are valued at the Authority's dedication replacement cost of \$7,500 per acre-foot of irrigation season water. This replacement cost is established by the Authority's water dedication policy, which is the basis by which water service is approved for and provided to all new development in the Authority's service area.

**Water Rights Leased**

In-Basin Consumptive Use

The Authority has leased in-basin consumptive use water rights (1848.254 a.f.) from its members and Traer Creek Metropolitan District. The essential terms of the leases are that the members lease these water rights at no cost to the Authority for so long as the Authority exists and provides water service to these members. In-basin consumptive use credits are valued at the Authority's dedication replacement cost of \$7,500 per acre-foot of irrigation season water. This replacement cost is established by the Authority's water dedication policy, which is the basis by which water service is approved for and provided to all new development in the Authority's service area.

Beaver Creek

The Authority has leased water rights (232 a.f.) from Beaver Creek. The essential terms of the lease is that the members lease these water rights at no cost to the Authority for so long as the Authority exists and provides water service to these members. The Beaver Creek direct flow summer rights are valued at the Authority's dedication replacement cost of \$7,500 per acre foot of irrigation season water, and the Beaver Creek direct flow winter rights are valued at the Authority's dedication replacement cost of \$23,800 per acre foot of non-irrigation season water. These replacement costs are established by the Authority's water dedication policy, which is the basis by which water service is approved for and provided to all new development in the Authority's service area.
